

# TRAF-SYS

PEOPLE COUNTING SYSTEMS

## Direct Count One

### People Counting Sensor

- Battery operated
- Integrated 6-digit LCD display indicating total counts
- Up to 16 ft (may be affected by environment) transmission range
- Small size, light weight, fast, easy and flexible installation.

Traf-Sys Direct Count One People Counters are designed to provide an affordable highly accurate wireless people counting solution with flexible mounting options. These counters can be mounted at the entrance of your facility to measure pedestrian traffic statistics. With features such as lithium ion battery power and local LCD display, these counters can be installed quickly and easily.

If you are looking for an affordable people counting solution, the Traf-Sys Direct Count One People Counters are used as a standalone solution. The local LCD display shows the current number of counts which can be recorded at the end of each day.
